

FlexRite™ MT2 Workstation Kits

Available in a variety of sizes and formats, prepackaged kits include everything you need in one box to easily and quickly assemble an ergonomic and sustainable workstation.

- FlexRite™ Workstations provide comfort and support for workers anywhere they stand for extended periods.
- Ideal for manufacturing, automotive, aerospace, MIG & TIG welding, CNC, machining, fabrication, and more.
- Quick & easy to install as well as reconfigure any time your operations or floorplans change.
- Patented interlocking system keeps tiles securely connected even allowing you to roll up the workstation for cleaning and maintenance.
- Available in four rugged surface patterns designed to meet the demands of various work environments.

MADE WITH REVIVERITE Inside!

FlexRite Workstations are made from 100% post-consumer and post-industrial waste including end-of-life tires that we sustainably **REALcycle** in our vertically integrated facilities.
